Subject: Part 241 - U.S. Locational Requirement for Dispatching of
U.S. Rail Operations

From: John Winkle

To: Docket # FRA-2001-8728

On January 18, 2002, I spoke with Jim Kienzler of the Canadian Pacific Railway Company (CP) concerning how many U.S. rail operations they believed fell under Part 241. On January 23, Mr. Kienzler submitted to me via electronic mail the attached documents detailing those seven operations. I am including that information in the docket.
